## The Pivot Institute & Mine Training Australia

### Please note:

1. Nominal hours are not hours of training or instruction. They are used to determine course fees and subsidy levels to reflect the cost to deliver quality training.
2. Concession and annual course fee caps may also apply to some courses. Fee caps apply to some tuition fees only. Note: Proof of eligibility for concession must be demonstrated prior to the commencement of the unit. If the concession is valid for the full enrolment period, then all eligible units commenced within that period attract the concession rate. If the concession is valid for part of the enrolment period, then only eligible units commenced prior to the expiry of the concession attract the concession rate.
3. The maximum course fee for non-concession students undertaking a targeted fee relief course in 2023 is \$1,200 (excluding resource fees)
4. For concession students and youth (under 25), the maximum course fee for undertaking a targeted fee relief course in 2023 is \$400 (excluding resource fees)  
These maximums apply per course in 2023.
5. Fee caps for secondary school-aged persons not enrolled at school
6. For secondary school-aged persons not enrolled at school, the maximum course fee chargeable in 2023 is \$420. (Excluding resource fees)
7. Students can only be enrolled into one subsidised course at a time.
