CERTIFICATE II IN UNDERGROUND METALLIFEROUS MINING

This qualification reflects the role of individuals such as entry-level operators, working in underground metalliferous mines, who perform a range of mainly routine tasks using limited practical skills and fundamental operational knowledge in a defined context, working under direct supervision.

Target Group

This qualification applies to individuals who complete work activities in an underground metalliferous mine.

Entry Requirements

Above 18 years old. Must be currently working in an underground mine site.

Duration

12-15 months. *The duration will vary depending on experience and elective units chosen.*

Methods of Delivery

Theory: Supported Distance Learning Online
Practical Assessments: On-site, MTA Training Facilities (where appropriate) or RPL (Recognition of Prior Learning)

This qualification may be available as a traineeship

Assessment

Theory and practical demonstration. Completion of an RPL Kit (RPL pathway).

Cost

Contact us for a customised quote.
