

CRANE INSPECTION AWARENESS TRAINING

Mine Training Australia (MTA) Crane inspection awareness training has been developed following industry best practice, relevant Australian Standards, and the new Work Health & Safety Regulations (General & Mines) 2022.

Our Crane inspection awareness training course runs over a full day here at our facilities in Osborne Park or on-site with you. We have a highly trained and qualified trainer with over 30 years' experience in crane operations, maintenance, and repairs.

This training is not nationally recognised; however, a certificate of attendance will be issued at the end of your course.

Entry Requirements

Above 18 years old

Participants need to be a competent person for registration of plant under the WHS Regulations if they have:

- educational or vocational qualifications in an engineering discipline that is relevant to the plant being inspected; or
- knowledge of the technical standards relevant to the plant to be inspected.
