LICENCE TO PERFORM RIGGING INTERMEDIATE LEVEL

HIGH RISK LICENCE- (RI)

This unit specifies the outcomes required to perform rigging work at the intermediate level, which includes all the outcomes for rigging work at the basic level, and also includes rigging of cranes, rigging of conveyors, rigging of dredges and excavators, rigging associated with tilt slabs, rigging associated with demolition work, and dual lifts for licensing purposes.

Mine Training Australia is a Registered Training Organisation (RTO 51586) and a WorkSafe-approved High Risk Training Organisation. We will submit all High Risk Work Licences for individuals who have completed the training and have been deemed competent.

All of Mine Training Australia's Training courses are nationally accredited and are in accordance with the National Standard for Licensing Persons Performing High-Risk Work (WorkSafe Approved).
